It's so simple to use

Step 1

Print this page out on your printer

Step 2

Carefully cut out the ring sizer

Step 3

Make a slot in the ring sizer by cutting along the dotted line

Step 4

Roll the sizer into a circle with the letters on the outside

Step 5

Insert the end of the tab into the slot to form a ring shape

Step 6

Place the sizer around your finger and pull the tab through the slot until the paper is a comfortable fit around your finger. Make sure that you can still slip the sizer over your knuckle without difficulty

Step 7

Read your finger size on the scale. This is the letter that appears closest to the slot

In this example, the ring size is 'V'
